

Janki Jewellery – FAQ Guide

Q: What is Janki Jewellery?

A: Janki is a jewellery brand built on trust, design, and craftsmanship with a 30-year legacy rooted in Jaipur. Our focus is on creating original handcrafted designs that women can wear comfortably every day. Each piece goes through strict quality checks before dispatch.

Q: Why should customers trust Janki Jewellery?

A: Janki is trusted by over 100,000 customers across India. Every jewellery piece is handcrafted under one roof, goes through strict quality checks, is anti-tarnish plated, suitable for daily wear, and comes with a 1-year warranty.

Q: What materials are used in Janki jewellery?

A: Materials depend on the collection. The Pure 925 Silver collection uses hallmarked 925 sterling silver with high-quality 5A cubic zirconia. Other collections like Arushaa and The Jaipur Edit are crafted using high-quality Italian alloy with premium finishing.

Q: Are the stones real diamonds?

A: Janki jewellery uses 5A quality cubic zirconia stones that are precision-cut to create a diamond-like sparkle. These stones are carefully set and quality-checked before dispatch.

Q: Is Janki jewellery anti-tarnish?

A: Yes. All Janki jewellery is finished with anti-tarnish plating and comes with a 1-year plating warranty. With proper care, the jewellery is designed to maintain its shine for a long time.

Q: Is Janki jewellery safe for sensitive skin?

A: Yes. Janki jewellery is hypoallergenic and skin-friendly, making it suitable for all skin types and comfortable for daily wear.

Q: Where is Janki jewellery manufactured?

A: Janki Jewellery is based in Jaipur, Rajasthan. Every piece is handcrafted in the brand's in-house production facility in Jaipur by skilled artisans.

Q: How is Janki jewellery manufactured?

A: From the first design sketch to the final polish, every Janki jewellery piece is made under one roof. Skilled artisans carefully craft each design, followed by strict quality checks before dispatch.

Q: Is Janki jewellery mass-produced?

A: No. Janki jewellery is not mass-produced. Each design is handcrafted with attention to detail to ensure comfort, durability, and premium finishing.

Q: What jewellery collections does Janki offer?

A: Janki currently offers multiple collections including the Pure 925 Silver Collection, Arushaa Collection, and The Jaipur Edit. Each collection has its own design style and material but maintains the same high standards of quality and finishing.

Q: What is the Pure 925 Silver Collection?

A: This is Janki's signature collection. Pieces are crafted from hallmarked 925 sterling silver and set with high-quality 5A cubic zirconia stones. Designs are timeless and suitable for daily wear.

Q: What is the Arushaa Collection?

A: The Arushaa collection focuses on modern and versatile jewellery designs. It uses high-quality Italian alloy, 5A cubic zirconia stones, and premium gemstone synthetics.

Q: What is The Jaipur Edit Collection?

A: The Jaipur Edit collection is inspired by Jaipur's heritage and design aesthetics. It blends traditional inspiration with modern styling using high-quality Italian alloy and premium stones.

Q: What is the upcoming Gulab Collection?

A: The Gulab collection is an upcoming line featuring jewellery crafted in pure 925 sterling silver with certified lab-grown diamonds and lab-created gemstones.

Q: Which Janki collection is the best?

A: Each collection is designed for different styles and preferences. However, all collections maintain Janki's standards of comfort, finishing, and long-lasting quality.

Q: What features are common across all Janki collections?

A: Across all collections, Janki jewellery is anti-tarnish plated, hypoallergenic, skin-friendly, and designed for comfortable daily wear.

Q: What is Janki's quality assurance promise?

A: Every Janki jewellery piece is handcrafted under one roof, anti-tarnish plated, quality-checked before dispatch, and backed by a 1-year warranty.
